DOT HAPPY - ISSUE # 15 - 30APR81

Dot Happy is a gamezine dedicated to the play of postal Diplomacy. Diplomacy is a war game invented by Allan Calhamer and presently owned by the Avalon Hill Game Company.

Dot Happy is published monthly by Allen Wells (phone: (617) 879-2183) for the subscription rate of \$.50 per issue. Game fees are \$5.00 with a \$5.00 refundable NMR deposit. There are presently no game openings. House rules are available on request, just send a SASE. Subscriptions are regarded as a lump sum out of which issue cost is taken, so if rates do go up present subscriptions will be affected. Advance warning will be given of any rate increase, but I haven't raised rates since I started, so you are pretty safe. You may cancel your subscription at any time for any reason and the balance of your sub will be refunded.

Hello!

As you all no doubt know by now, the front page of last month's DH was an April fools joke. I just couldn't resist the temptation. The thing that surprised me was that so many of you were taken in. Not only was the date 01 April, but I thought the story was so outrageous that people would be very suspicious from the start. Maybe that says something about the way things are getting these days. Many people commented that the story was quite believable these days.

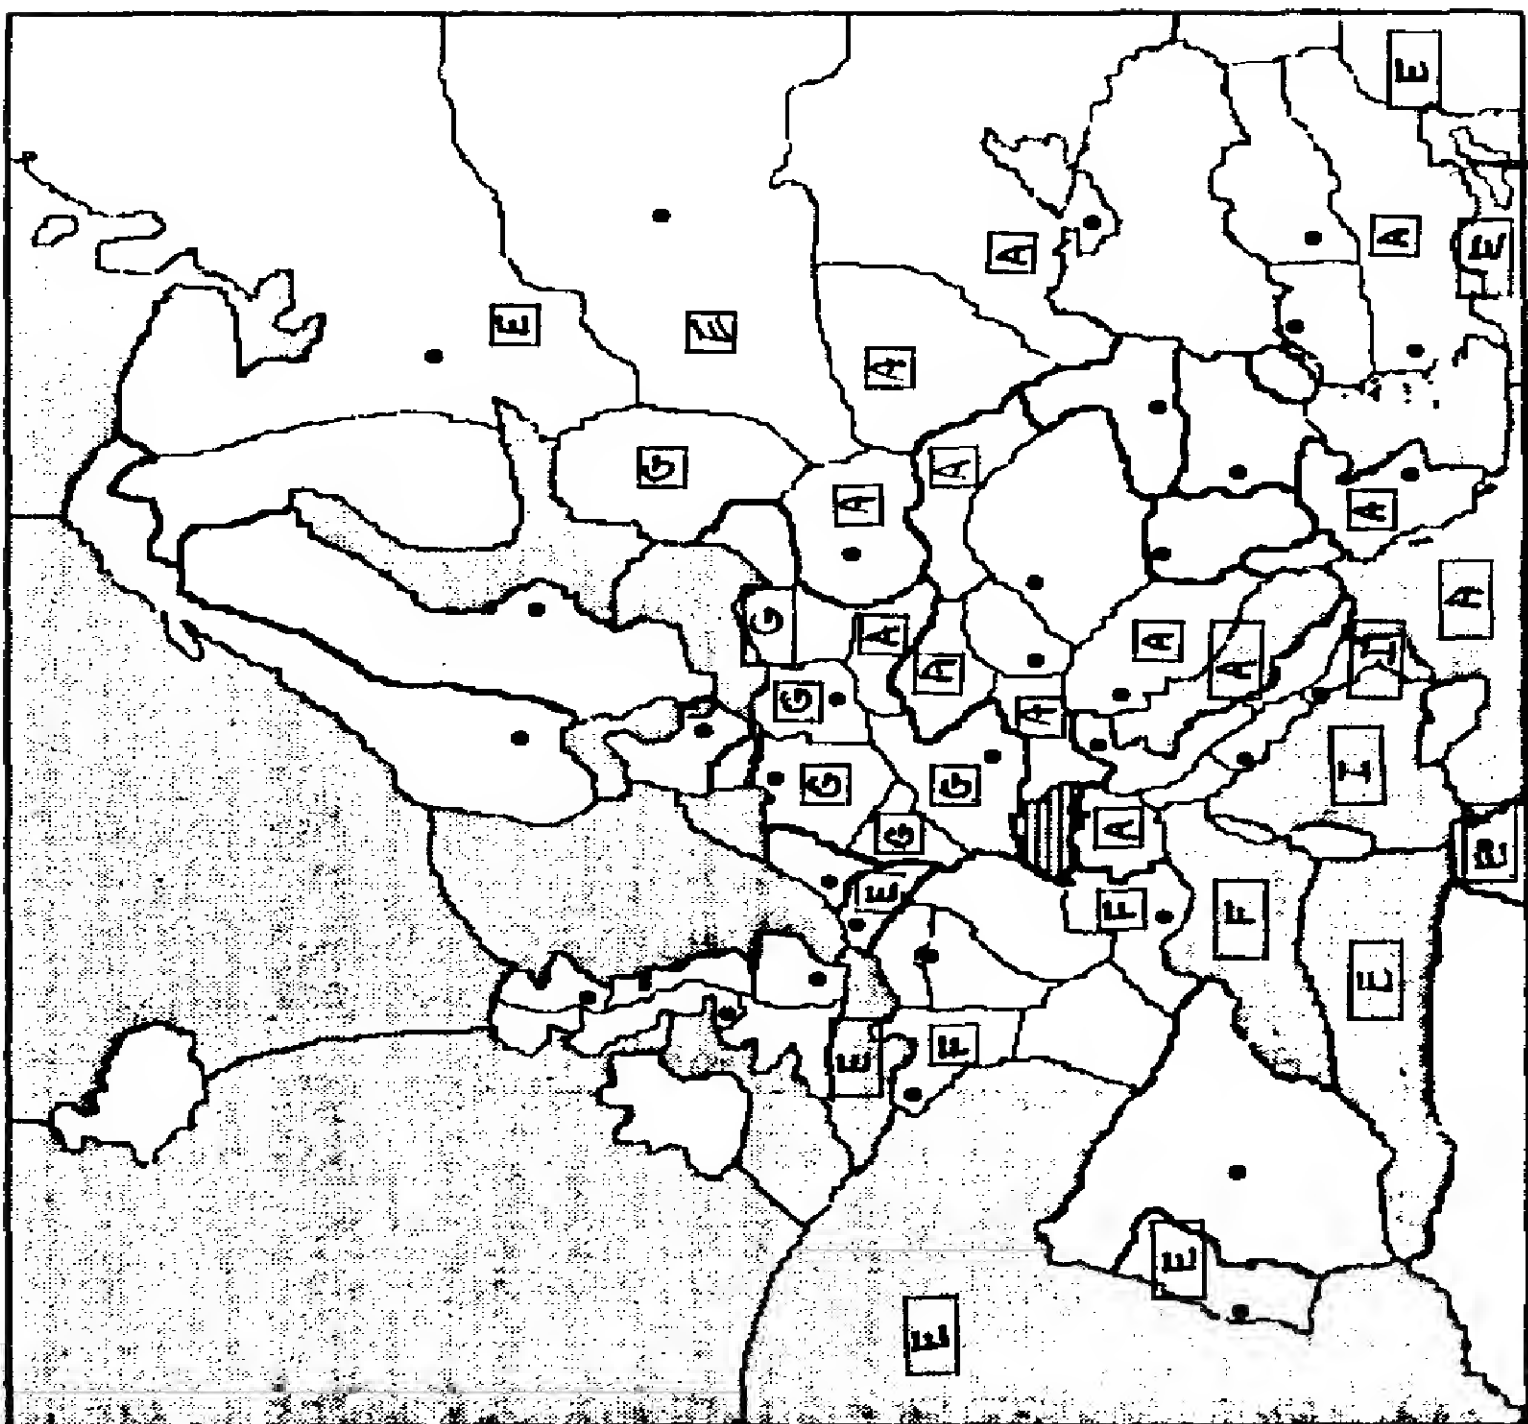

For instance, there is a bill in front of the Mass Congress now that would make it illegal to train a dog to hunt. It's inhumane to train a carnivore to hunt, it seems. Of course, this is Massachusetts. We can't get our cars inspected again. This time they started on time, but they had a defective shipment of glue, and all the stickers were falling off.

In any event, on to the games.

France-Germany: I hope we bounced in Mun and I'm in Trieste. If not we both lose.

GM-France: It looks like you lose on all counts!

France-GM: The way you drive I believed every bit of it. I have sent several requests to the DMV to revoke your license. I thought they finally wised up to you. Oh well. I guess you have to get your blood somehow. Now I'll have to cancel my trip to Boston due to unsafe driving conditions. ie: you still have a license.

GM-France: You think it was bad before, wait till you see my new extral I installed a cow-catcher on the front!

England-France: I apologize if you didn't stay out of the channel.

England-GM: If I made it to Por and Germany stayed out of the NthS I thank you for introducing me to this game. If not, may your legs grow together.

GM-England: Hmmmm... I don't think I would make it as a merman vampire.
